

HYDRANGEAS, WHAT THE HECK?

Many people remember hydrangeas from their childhood. Today we are falling in love with them all over again. And the good news is that we can now grow hydrangeas our grandmothers never even dreamed of with less work and many, many more blooms.

BIGLEAF - (Mophead & Lacecap)

Likes: Morning sun, afternoon shade. Moist, well-drained soil.

Bloom: Warmer regions: June-Oct | Cooler regions: July-Oct

Pruning: Only dead stems after green leafy growth appears in spring. Prune sparingly and deadhead as needed.

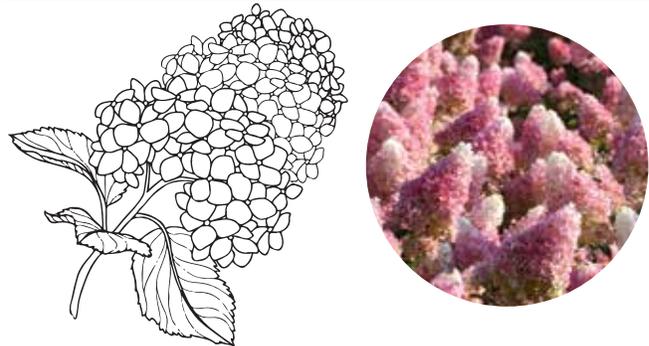

Zone: 4-8

Colors:  Purple  Blue  Pink  White

Try: Endless Summer® BloomStruck®

PANICLE

Likes: Best in full sun to part shade. Needs cool fall nights to change bloom color later in the season.

Bloom: July-September

Pruning: Late winter or early spring. Cut stems back by 30-50%.

Zone: 3-8

Colors:   Start White and ages to Pink or Red

Try: First Editions® Vanilla Strawberry™ or First Editions® Diamond Rouge®

OAKLEAF

Likes: Full sun to part shade with well-drained soil.

Bloom: May-July

Pruning: Right after flowering, if needed. Winter-damaged stems may be pruned in early spring.

Zone: 5-8

Colors:   Starts White and matures to Pink.

Try: First Editions® Jetstream™

SMOOTH

Likes: Part shade. Will grow in full sun if soil is moist enough.

Bloom: June-August

Pruning: Prune to the ground in late winter.

Zone: 3-9

Colors:  White  Pink | Color depends on variety.

Try: Annabelle Hydrangea
