SHRUBS & TREES

## TECHNITO® ARBORVITAE

*Thuja occidentalis* 'BailJohn' PP15,850

**USDA Hardiness Zone:** 3-7

**AHS Heat Zone:** 8

**Height:** 8-10'

**Width:** 4-5'

**Exposure:** Full Sun

**Shape:** Compact Pyramidal

Technito® Arborvitae has the attractive dark green color of 'Techny' and retains the winter foliage color just as well. This cultivar, being noticeably denser, is an improvement because it requires less shearing to retain a compact pyramidal outline. While some shearing would be required to maintain, it can be sheared into a dense globe of 2-3' tall and wide.
