

## AUTUMN REVOLUTION™ BITTERSWEET

*Celastrus scandens* 'Bailumn' PP19,811

USDA Hardiness Zone: 2-8

AHS Heat Zone: 8

Height: 15-25'

Width: Varies

Exposure: Full Sun

Shape: Twining

Autumn Revolution™ Bittersweet represents a revolutionary breakthrough and true improvement in bittersweet culture. The majority of the flowers formed on Autumn Revolution™ are perfect, meaning the flower has both male and female parts and you only need one plant to bear fruit. The fruit production is extraordinary, and the berry size is twice that of the species, but it is not invasive like the Asian species. Discovered by Rod Bailey and introduced by Bailey Nurseries.
