Sweet Tea™ Gardenia boasts tennis ball sized double flowers with the incredible sweet fragrance you'd expect from a gardenia. The large, double flowers heavily rebloom throughout the season, extending the landscape power of this shrub. Sweet Tea™ has excellent cold hardiness, thriving into Zone 7 even after challenging winter months. At three-to-five feet tall and wide, Sweet Tea™ is more upright and larger than other gardenia, making it perfect for a foundation planting or short hedge. Bred by Plant Introductions, Inc.
