

TIANSHAN[®] SEVEN-SON FLOWER

Heptacodium miconioides 'Minhep'

USDA Hardiness Zone: 5-9

AHS Heat Zone: 9

Height: 8-12'

Width: 5-7'

Exposure: Full Sun to Part Shade

Shape: Upright, Arching

Tianshan[®] Seven-Son Flower provides true multi-season interest to the landscape. Clusters of fragrant, creamy white flowers appear in late summer and are followed in autumn by textured red sepals. The shiny, dark green foliage turns yellow in late fall, providing an excellent backdrop to the now red flowers. Exfoliating bark adds unique winter interest to round out the year. This plant is well branched and forms a rounded, upright shrub or small tree.
