

FRENCH CABARET™ BLUSH HIBISCUS

Hibiscus syriacus 'Mindoub1' PP27,840

USDA Hardiness Zone: 5-8

AHS Heat Zone: 8

Height: 5-8'

Width: 4-7'

Exposure: Full Sun

Shape: Upright

French Cabaret™ Blush is a sterile hibiscus with double flowers that start with dark pink buds and open to a delicate blush pink with shades of white. Large, double, pom-pom flowers bloom profusely from July to October, adding texture and complementary color to match any landscape. With an upright habit, French Cabaret™ Blush makes a lovely informal hedge or adds a vertical element to draw the eye through a landscape. Heat and drought tolerant and adapted to alkaline soils, this variety does well in most landscapes in Zones 5-8. Bred by Minier Nursery in France.
