

## VANILLA STRAWBERRY™ PANICLE HYDRANGEA

*Hydrangea paniculata* 'Renhy' PP20,670

**USDA Hardiness Zone:** 3-8

**AHS Heat Zone:** 8

**Height:** 6-7'

**Width:** 5-6'

**Exposure:** Full Sun to Part Shade

**Shape:** Upright

Vanilla Strawberry™ Hydrangea features enormous flower heads that are held upright on red stems. The flowers emerge creamy white in midsummer, change to pink as the night temperatures drop, and finally turn strawberry red later in fall. New flowers emerge as older blooms change color, giving Vanilla Strawberry™ a multicolored effect in late summer and early fall. The large blooms are excellent for fresh cut and dried flower arrangements and are especially well-liked for dried winter floral displays. Bred by Jean Renault in France. (CPBR #3963)
