LUNAR MAGIC[®]
CRAPEMYRTLE

Lagerstroemia 'Baillagone' PP30,360

USDA Hardiness Zone: 7-9

AHS Heat Zone: 9

Height: 7-9'

Width: 5-7'

Exposure: Full Sun

Shape: Upright, Oval

Lunar Magic® Crapemyrtle combines beautiful rich purple-black foliage, loads of solid white flower clusters on red stems, and a beautiful upright oval shape. This prolific bloomer starts flowering in June and can be cycle pruned to bring plants into flower every 35-45 days for sales and landscape performance from early summer through fall. Lunar Magic® has also stood up to Cercospora and powdery mildew unscathed while other varieties have succumbed to these high disease pressures.
