

## TWILIGHT MAGIC™ CRAPEMYRTLE

*Lagerstroemia* 'PIILAG-VIII' PP27,194

**USDA Hardiness Zone:** 7-9

**AHS Heat Zone:** 9

**Height:** 12-14'

**Width:** 6-8'

**Exposure:** Full Sun

**Shape:** Upright

The deep plum-colored foliage paired with pink flowers make Twilight Magic™ a truly stunning crapemyrtle. This large shrub/small tree really stands out in the landscape when it blooms. Flower production is profuse compared to similar varieties, and its disease resistance is great. Even when not in flower, the dark foliage is handsome all on its own. Twilight Magic™ is an excellent alternative to purple-leafed plums in areas where plums are defoliated by August.
