AMBER JUBILEE[™] NINEBARK

Physocarpus opulifolius 'Jefam' PP23,177

USDA Hardiness Zone: 2-7

AHS Heat Zone: 7

Height: 5-7'

Width: 4-6'

Exposure: Full Sun

Shape: Upright, Rounded

Amber Jubilee[™] Ninebark was selected for its striking new foliage in glowing tones of orange, yellow, and gold. It can be stage pruned in production through July to force colorful new growth for retail sales. Rounded and dense in habit, this shrub has a bold array of colors that make an eye-catching hedge in multiple seasons. Delicate white blooms are produced in spring, summer foliage is green, and fall foliage is highlighted with tones of red and purple, making this mildew-resistant ninebark appealing over the entire growing season. Plant in full sun for best performance.
