

## LITTLE SPARK<sup>®</sup> SPIREA

*Spiraea japonica* 'Minspil04' PP30,819

**USDA Hardiness Zone:** 3-8

**AHS Heat Zone:** 8

**Height:** 18-24"

**Width:** 18-30"

**Exposure:** Full Sun to Part Shade

**Shape:** Rounded, Spreading

Little Spark<sup>®</sup> is a compact spirea with orange new growth that holds its yellow foliage color throughout the summer, even in full sun situations. A summer bloomer, the pink flowers arise just above the foliage; if you give them a quick shear when they are done, it will rebloom in late summer. Fall color includes shades of pink, creating a multi-toned effect. Little Spark<sup>®</sup> is a fantastic and more compact substitution for 'Goldflame,' which has shown consistent issues with foliage reversion.
