Little Lady™ combines the beautifully fragrant flowers of 'Miss Kim' lilac with a more compact, restrained form. In late spring, the dark pink buds open to lilac pink against fresh green foliage. The mature size makes this plant perfect for foundation plantings, but it can also be used en masse or as an informal hedge where you don't need a lot of height. At maturity, it will reach 4-5' tall and wide and is incredibly cold hardy, thriving even in Zone 2.
