

## OPENING DAY™ DOUBLEFILE VIBURNUM

*Viburnum plicatum* 'PIIVIB-II' PP28,958

**USDA Hardiness Zone:** 5-8

**AHS Heat Zone:** 8

**Height:** 6-8'

**Width:** 6-8'

**Exposure:** Full Sun to Part Shade

**Shape:** Rounded

With perfectly round baseball-size flowers in April, we couldn't resist naming this beacon of spring Opening Day™ Viburnum. This compact shrub is covered with snowball-like flowers that open with a tinge of green and quickly mature to pure white. Plants are tight in habit with dark green, corrugated foliage that turns beautiful shades of cabernet red in the fall. Easy to produce and fast to finish, Opening Day™ is as fantastic a production plant as it is a landscape staple. Bred by Plant Introductions, Inc.
