

SUMMER CASCADE™ WISTERIA

Wisteria macrostachya 'Betty Matthews'

USDA Hardiness Zone: 4-8

AHS Heat Zone: 8

Height: 15-20'

Width: Varies

Exposure: Full Sun

Shape: Twining

Summer Cascade™ Wisteria is a beautiful flowering vine that can easily cover an arbor or pergola to create a cool, shady place. Blooming in June on new growth, individual flowers are borne on long showy racemes and open as a lovely shade of dark lavender before fading. Producing an interesting seed pod in late summer, this vine has lovely multi-season interests and is more reliably cold hardy than other wisteria.
